SUBJECT: Courtesy packet to our Special Needs Bowling Program participants

Since March, our Special Needs Bowling program has been closed due to Covid -19. Our Linden Department of Parks and Recreation wanted to keep our participants updated since their program was cancelled early. Each participant was provided with a packet of fun activities, indoor recreational activities, and useful literature to enjoy during the worldwide pandemic.

Pictured, is Karyn Griffin, a Linden bowling participant from our Special Needs Bowling program displays her appreciation in receiving her courtesy packet.
